TRAINING OPTIONS

SCRUM@SCALE

Scrum Master

In this course, we'll share insights and strategies from our experience in training people to become high-performing Scrum Masters and Scrum teams in businesses around the globe.

Product Owner

The Product Owner is critical to the success of any Scrum project, yet the role is generally considered to be the most challenging one in Scrum.

SAFe

Scrum Master

The SAFe Scrum Master course explores the role of the Scrum Master in the context of the entire enterprise, and prepares attendees to successfully plan and execute the Program Increment (PI), the primary enabler of alignment throughout all levels of a SAFe organization.

Product Owner

Product Owner attendees gain an in-depth understanding of how to effectively perform their role in the Agile Release Train (ART) as it delivers value through Program Increments.
