Selling The Investment To Pay Down Technical Debt

The Code Christmas Tree

Mike Kaiser
@kaisermike

Guy Royse
@guyroyse
THE PROBLEM WITH THIS MOUNTAIN IS IT KEEPS GROWING
Technical Debt
If the size of credit cards were in proportion to credit card debt.

Lessons Learned

• Make it visible – location matters, size matters
• Use charts to enable the conversation
• Color can bring about different reactions
• Non-developers can understand aspects of the code if you present it graphically
