Adopting Agile in medium and large sized organization

RISKS AND STRATEGIES
The world I live

Who am I?
What is yours?

Every why hath a wherefore
What make Agile migration so difficult?

Introduction
Does size really matter?

Small, medium, large
Big brother is still watching

Governance
What do they think about this?

Agile principals dilemma
Come from not knowing what you're doing!

Risks
Are you fit to?

Culture and structure
We are sisters, and therefore, born to be rivals

The Other Boleyn Girl
It isn’t about how we change, but how to make it acceptable

Process
Resistance is futile...eventually?

Humain factor
Do we need oil for an engine?

Communication
Well, fortunately there is none!
Otherwise it will be a little bit boring!

Is there any magic bullet?

Strategies
Water cannot rise higher than its source, neither can human reason

Once again, Why?
All models are wrong, but some are useful!

My two cents
A, B, C ⊆ D, D ⊆ E → A, B, C ⊆ E

Clothes don't make the man
When a system is stable, mistakes are only tampering!

W. Edwards Deming
Mille viae ducunt homines per saecula Romam

SCRUM
It takes two to get one into hot water

First signs of troubles!?
...But don’t fly too close to the sun!

Any cool tools?
I know one thing, that I know nothing

Comments, Questions, Objections?
